Women's Suits.

The entire made-up stock in sample lines of two of the most prominent manufacturers of women's garments

ALREADY the early Spring business is over with the manufacturers of Women's Suits, and the rush comes now to unload made-up stocks and sample lines, and the house first to apply and quickest with the cash usually gets the goods, particularly if that house throws regular business in the way of the manufacturers at other times. We've been right to the point with both application and cash. It wasn't a case of bid, but one of offer, and we've closed for the stocks of two of the most prominent manufacturers of Women's garments at prices that enable us to sell to you for what it cost the makers to produce the goods. You couldn't hope for a better opportunity. If you had the skill of the makers, the originality of the designers and the fabrics right at hand, you wouldn't undertake to reproduce any one of these garments for the price they sell for tomorrow.

Suits Worth up to \$15, \$9.50. **Suits Worth up to \$20, \$12.50.** **Suits Worth up to \$30, \$18.50.**

The most remarkable collection of garments you have ever seen assembled at so low prices. The styles are right up to the minute. The duplicates of these garments are selling in other cities today at the regular prices you have noted above, and that you buy them for so little money to-morrow reflects unusual credit on the King's Palace method of merchandising. The lots include both Cloth and Silk Suits—the Cloth Suits in Venetian, Broadcloth, Cheviot, Panama Cloth, Voiles, Etamines, and Figured Brilliantines. Blouse and jacket effects, cut in the very latest styles—strictly tailor made, with tailor straps or tailor stitching—lined in excellent quality satin, and having full leg-of-mutton sleeves. The skirts are full skirt—35-garments—perfectly draped—the colors black, blue and brown. The Silk Suits are made of excellent quality Taffetas, in plain and changeable effects, with Blouse jackets shirred and pleated, and skirt skirts. The colors are black, blue, green and red. It'll be necessary on account of the low prices of the suits to make a slight change for alterations, and it'll be necessary also for you to accept the opportunity offered in a hurry, for such values won't seek long for buyers.

Extraordinary Values in Silk Waists.

We believe these to be the two most remarkable values in Silk Waists that have ever been offered in Washington, and the fact that they're offered right at the time when they're wanted most makes that claim extraordinarily strong.

A beautiful line of Jap. Silk Waists, in a wide variety of the season's most attractive styles. Some are trimmed in Val. lace and medallions—others have large tucks down front and back—and still others with pin tucks—all have full leg-of-mutton sleeves and lace-trimmed or full-trimmed cuff. Ordinarily they would be featured at \$5. **\$1.08**

A second lot of Waists, made of fine Taffetas, Peau de Soie, Peau de Cygne, etc., in the very latest styles, to be sold at a mere fraction of their value. Some waists have large tucks and small tucks—some are shirred—some trimmed in lace and medallions—some black pleated—some piped in silk, with vest fronts—and some have yoke effects. Many Waists with French collars—the latest and most approved shades are all shown, including pastel shades of red, green, leather, old rose, gray and turquoise blue; and also tans, black, white, browns and shades. None worth less than \$7; many worth \$8. Tomorrow **\$2.98**

King's Palace Millinery is Absolutely Peerless.

We make the claim, with a full knowledge of the fact, there's no other house in Washington that shows nearly the amount of stock or the variety of stock that we do—or can lay claim to showing a stock where each item possesses the merit of the King's Palace goods. There's not a bad style in the whole collection—there's not a hat in the whole collection that won't prove itself to be the best value at its price that its price has ever paid for.

Trimmed Hats, the peers of \$8 and \$4.95

The fact that we've made a specialty of this hat makes a bargain of it. We stretch a point to make it absolutely the best hat value in Washington—we sell more hats at this price than many milliners will sell from their entire stocks. The secret of their style lies in the fact that they are patterned after the most original and stylish imported models. Of course, there is a saving made, for we don't pay for the ideas, which are in many instances the greater part of cost—and then again the hats are made by our own people and there's no manufacturer's or jobber's profit on them. The line this season includes Flower Turbans, Gainsboroughs, Chiffon and Silk Turbans and other effects—in large and small shapes in black and colors. 200 models in all.

\$1.50 Untrimmed and Ready-to-Wear Hats, 95c.

READY-TO-WEAR and Chiffon Hats—a splendid assortment, including Black Chiffon Hats—made on wire frames, with braided crowns and tucked chiffon brims—in Turban and large shapes; also Ready-to-wear Tailored Hats—made on wire frames of imported flat braid and trimmed with rosettes and ornaments, in both large and medium shapes, in black, blue and brown; also a number of Straw Sailors, trimmed with velvet and buckles—Continental Hats, trimmed in velvet and braid, and Turbans, trimmed with tulle and buckles. They are hats that would do honor to a \$1.50 price mark, and they're on sale to-morrow at **95c.**

\$2.50 & \$3 Untrimmed & Ready-to-Wear Hats, \$1.65.

We've reached the very limit of value giving in this line of hats. The collection is made up of hats—nearly 50 styles in all—that are priced regularly as high as \$3. There are hats in silk braids and tucked chiffon, and new Turban, Napoleon, Trianon, Gainsborough and Sailor shapes. Ready-to-wear and untrimmed chiffon hats, and a number of other styles, in black, white, brown, blue, heliotrope, red and the yet they're on sale; also Napoleons, trimmed in silk cords and pom-poms—high and low back Turbans, trimmed in velvet and quills—other new Turban effects, trimmed in silk and fancy ornaments; also two-tone Turbans, trimmed in quills, ornaments and velvet ribbons—Chiffon Hats, trimmed in ribbon and streamers. Every kind, color and style of hat that you're liable to want will be found in this lot tomorrow at **\$1.65**

Armor Plate is "Harveyized" to make it harder; that's a great discovery, but greater still is the invention whereby we
